A FERRY STORY.

Another Chapter in the Struggle for the Life of the Ferry.

FOUR THOUSAND DOLLARS RAISED

Leaving \$1,000 to be Secured—This Will be Accomplished, it is Hoped, and the Charleston Will Continue Running Under the Shadow of the Bridges—A Benefit Base Ball Game to be Arranged.

Last evening the Island citizens to the number of about seventy met again for the purpose of considering the ferry problem. The last meeting was held last Tuesday and since then the committees have been soliciting further subscriptions to the fund to relieve the ferry company from its financial difficulties. It was reported that approximately only about \$300 additional had been subscribed, bringing up the total to a little over \$2,000 of the \$5,000 needed.

Mr. J. B. Sommerville was called to the chair and called for reports from the four committees that have been engaged in the work of receiving subscriptions. Mr. Hamilton reported progress; he had received very few subscriptions since the first day, but expected to go to work again in earnest to-day. It was also reported that the list kept on the boat had received very few additional signatures. Captain McCoy, of the third sub-committee, reported having received additional subscriptions, amounting to \$150.

After some of the members of the board of directors present had consulted for a few minutes, the president, Dr. Myers, addressed the meeting. He said that if the Island people will raise \$1,000 additional he could promise that the ferry would continue. Up to date about \$2,000 has been subscribed, including the subscriptions of the gentlemen who are on the \$5,000 note. Take them out of consideration and there is about \$1,000 subscribed. He said that the directors had come to the conclusion that they would have to pay the \$3,000 in any event, so their subscriptions would be taken off the subscription papers and the \$3,000 would be considered as their subscription. With the additional \$1,000 subscribed by others than the note endorser, that makes about \$4,000 of the necessary \$5,000 raised. It now remains, he said, for the Island people to raise the other \$1,000 necessary to insure the maintenance and continuation of the ferry. He had correct information to the effect that there will be no reduction of toll on the bridges this year at least, and the talk of a reduction to 35 or 40 cents a month is entirely without foundation. It is understood a reduction may be made next year, but it will be a slight reduction that will not be satisfactory to the Islanders. For this reason it will be a mistake to allow the boat to go to the wall, said Dr. Myers.

Mr. Moiso addressed the meeting very warmly and said it is a shame that the directors and others whose endorsements are on that \$5,000 note are to be compelled to pay \$100 each, while many property owners, storekeepers on the Island and off, who benefit by the existence of the ferry, have not contributed a cent. If these outsiders who receive their patronage from the Island will not come to the ferry's aid, he proposed a public meeting and extreme measures.

Mr. Sommerville put the matter in a direct and pointed manner by saying that the proposition is for thirty people to raise \$3,000 and the balance of the Island to subscribe \$2,000.

Captain Thomas Glascock, of the ferry boat, said that for \$500 repairs on the boat could be made that would put her in condition to run for several years.

Capt. J. E. McCoy proposed the appointment of two committees to solicit subscriptions among those present who had not already subscribed. This prevailed and in a short time \$100 was subscribed, two of the largest subscriptions being by Messrs. Myron Hubbard and E. K. Giffen, who are endorser on the note and were therefore already subscribers to the extent of \$100 each. It was reported that the daily receipts on the ferry are increasing rapidly, amounting yesterday to \$18. People who had discontinued patronizing the ferry are coming back to the boat.

On motion of Capt. McCoy, a committee of six was appointed to wait on property owners and others on the Island who have not already subscribed and also upon business men and others on the city side of the river. This committee is composed of Messrs. F. E. McCoy, F. C. Smith, G. Ed. Schenckel, H. K. Giffen, Harry Mendel and John W. Glascock.

Just before adjournment Capt. Jack Glascock, of the Wheeling base ball club, who was present, made a suggestion that was eagerly taken hold of. He suggested that a benefit game of ball be played on the Island grounds the latter part of next week. This was well thought of by everybody and Captain Glascock was empowered to go ahead and arrange for the game. It will probably be played next Friday afternoon and the whole Island is expected to be present. The two teams will be organized among the professional players who are just returning from the season with their clubs.

Adjournment was taken until next Wednesday evening, when the fate of the ferryboat will be settled. It now looks as though the boat and the fight against the bridges will continue.

NIGHT PROWLERS AROUND.

A Frequent Cause of Complaint—A Case Yesterday Morning.

Early yesterday morning Officer Gardner saw a man in the yard back of Dr. McMaster's hospital, on Chapline street. As there had been complaint of trespassers there before, and numerous cases of the same kind in the ward, the officer called to the man to stop, and when he refused to do so, fired at him. The shot attracted Officer Knabe, who was near at the time, and both made a thorough search, but without result. The residents of the Second and Third wards, up on the hill, have been much annoyed lately by night prowlers, and a number of them have declared their intention hereafter to shoot first and make inquiries afterward.

ASSAULTED AND ROBBED.

A Bellairs Mill Man Receives Possibly Fatal Injuries and is Robbed by Unknown Persons.

Last night about 11 o'clock passers-by found a man lying in the alley in the rear of the Windsor hotel, in Bellairs, in an insensible condition, badly beaten and bleeding at the nose and ears. He was at once taken to the police station, where his injuries were attended to. He was found that he would not survive. At the station he was recognized as Stephen Neuhardt, who is employed at the Bellairs blast furnace. Yesterday evening he received his wages and when searched he was found to have no money at all. This leads to the conclusion that he was assaulted and robbed in the alley.

The police are on the lookout for the assailant and thief, but had discovered no clue late last night. Perhaps Neuhardt may throw some light on the mystery when he regains consciousness, if he ever does recover it. The affair created considerable excitement in Bellairs last night.
